TIME AT HB

My time at Henry Beaufort had its ups and downs but in the end I left with amazing friends, a lot of amazing memories, dreams and aspirations. There were many teachers that inspired me for example Mr. Coe (my head of year at the time) no matter what he would always find time for you and try his hardest to help you, Miss Bean always said good morning to me and Hello and overall made me enjoy English, Ms. McMahon during a difficult part of my year 12 she noticed something was wrong and helped me through it. In reality I can't name all the teachers that have inspired me but my favourite subject was English.

INSPIRATION

After Henry Beaufort I went to Peter Symonds where I studied IT, Media and Business, I got the best grades in my class which was Distinction*, Distinction and distinction*, as well as that my partner and I currently run a business together, we have only just started it and so it will take some time but already we are seeing a lot of positive potential, I am now studying at City College Southampton doing my Level 2 Diploma in beauty Therapy, and I am passing with flying colours I am hoping to start my own makeup business, as well as this I am currently thinking about doing Law next year or potentially taking a Gap year as a gap year will always let you clear your head to figure out how to go forward and what you really want to do.
