**TIME AT HB**

I loved taking part in sports and during my freshman year Mr. Nags was our PE teacher and he took the time to run all the after school programs. One of my most memorable moments was competing against Winchester College at cricket. It's been a long time since I have been back in the UK so its nice to see the school is still going.

**INSPIRATION**

After I graduated I went to Germany to play tennis for one year. This experience gave me the opportunity to grow as person. Upon my return I played tennis semi-professional before moving to San Diego, CA, USA. I attended University at Point Loma and and earn my bachelors degree in Business Administration. I went onto doing my MBA at Point Loma Nazarene University. I'm still currently living in San Diego running a success tennis business that I'm extremely passionate about.
