November 2017

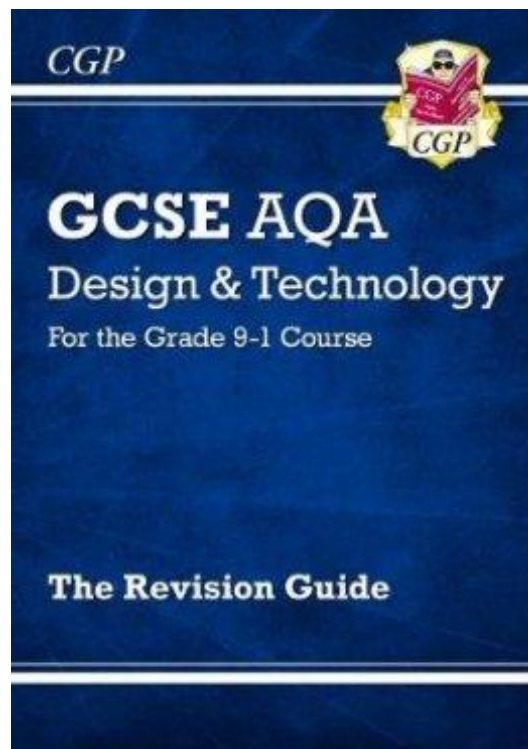

Dear Parent

## Revision Guide for GCSE Design and Technology

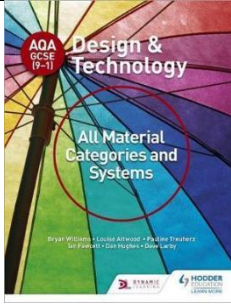

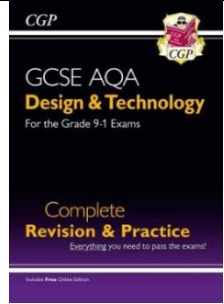

Please be advised that the GCSE AQA Design and Technology Revision Guides are now available for purchase through the school from the Finance Office. The Revision Guide costs £2.75.

We strongly encourage every student taking a Design and Technology subject to have a copy of the revision guide as it covers the revised theoretical content for this course. It provides a concise summary of each topic of study in the course; useful notes and exam tips and many practice examination type questions.

At the end of the Year 11 students taking Design and Technology will sit a final examination which accounts for 50% of the course. The Revision Guide is an essential resource to prepare for that.

There are a number of other revision guides that may be of interest; however these will not be sold through school.

		
<p>Published by PG Online £20.00</p>	<p>Published by Hodder Education £21.00</p>	<p>Published by CGP £10.72</p>

Please complete the slip at the bottom of the letter if you wish to purchase a Revision Guide. If you would like any more information, please do not hesitate to contact the Design and Technology Department.

Yours sincerely

Mrs C Drake  
AL Design and Technology
