

17th December 2018

Dear Parents

Year 11 German Clinics

I am writing to update you about the change in GCSE Revision workshops that will be available to Year 11 after Christmas and how this will work for German. Clinics will remain on a Wednesday and the focus after Christmas will be on the topic of school and higher education. This is a key topic within the GCSE syllabus and will always be tested in the examinations in some way. My aim is to start covering the topic now so that we have more time at the end of the course to focus on other topics and exam practice.

With the new workshop structure, there will be two sessions per week and I have decided to split these between foundation and higher. These are labelled session 1 and session 2 below.

Session 1: 2:45-3:15

Session 2: 3:20-3:50

Date	Focus	Session	Tier
09/01/19	School, school subjects, opinions,	1	Foundation
		2	Higher
16/01/19	School uniform	1	Higher
		2	Foundation
23/01/19	School rules	1	Foundation
		2	Higher
30/01/19	Summary of school and future plans	1	Higher
		2	Foundation
11/01/19 *	Examination practice (school)	1	Foundation
		2	Higher

* The final session of this half term will run on a Monday due to a meeting on the Wednesday.

May I take this opportunity to thank you for your continued support; the attendance at clinics so far this year has been positive and with your support and encouragement I am sure this will continue in 2019.

Have a lovely Christmas and happy New Year.

Yours sincerely,

P Leggatt
