4 March 2020

Dear Parents

### Coronavirus Update

I am understandably receiving a high number of emails regarding the coronavirus and what we are doing in school. I thought it would be helpful to bring you up to date.

We are receiving advice from Public Health England and the Government on a daily basis as an updated briefing sheet. This gives us information on contingency plans that are being discussed. **I must stress that this is at present contingency planning only.**

In school we are in the process of placing posters in all toilets on the importance of handwashing. We are concentrating our efforts on keeping soap available in all toilets and providing an antibacterial clean of the school on a daily basis.

I am afraid we do not have the resources to be able to provide hand gel for every class room but children are welcome to bring in hand gel for personal use.

If I receive any information that needs to be shared with parents I will of course make this a priority.

In the meantime the school will continue to operate as usual, focusing on the education of our young people.

Yours sincerely

Miss Hearle  
Headteacher
