

4 June 2020

Dear Parents

Year 7 Assessments

I hope you are all well and that you managed to enjoy the glorious sunshine over half term break. Thank you to all the Year 7's for their input in the assembly. I am glad to hear it brought a lot of smiles to so many faces.

I have been really impressed with the way in which the students in Year 7 have approached the home learning. Along with their school work, I am sure many of them have learned and attempted new skills and projects. I look forward to hearing what they have been up to in more detail when we get back. Many of the year group have met deadlines displaying outstanding creative pieces which they should be very proud of. I hope this positive attitude continues this term but I understand that it sometimes hard to keep the motivation going.

To make things more manageable during this half term there will only be assessments in the core subjects of English, Maths and Science. This should make it easier for the students to plan their work and ensure that assessments are submitted on time.

I have collated the dates of these so that both your child and yourselves know when they are expected. I hope this will help.

SUBJECT	TITLE	DATE (to be submitted by)
English	'In your opinion, which Shakespearean villain is the most treacherous?'	By Friday 10 th July (week 13)
Maths	Maths Test on Maths Watch. Students who get paper copies will have these sent.	By Friday 19th June (Week 10)
Science	Kerboodle assessment P1. Space	By Friday 12 th June (week 9)

As always please contact your child's teacher, tutor or myself if there is anything that we can do to help.

Kind regards,

Mr Naisbitt
Head of Year 7
