

£620.00 was raised and will be going to a Winchester Vineyard Church - this has been selected by the students. The money raised will go towards a project called the 'Vineyard Bus'. It is a local project, and the aim will be to take a converted double decker bus to schools and local communities to run sessions, with a focus on how young people can be supported with mental health and wellbeing concerns. It is like a mobile youth centre. The usual bus seats have been removed and in their place the bus has been kitted out with new comfy seating areas, Xbox and PlayStation consoles and iMac computers and iPads. Not only will it offer help and support but will be a safe place for children to visit.

More information can be found on their website <https://www.winchestervineyard.org/bus/>

The Henry Beaufort School 29th June 2021

Here at the Henry Beaufort school, we think that the Youth Bus it is a wonderful idea – so much so that on our recent non-uniform day we choose to support the Youth Bus project!
