

Year 7			I feel confident in...	I need to work on...
Spring 2	Algebra	Multiplying out a bracket, simplify an expression (incl. brackets), factorising brackets		
	Algebra	Solving equations and use of functions - function machines, solving equations, rearrange equations		
	Inequalities	Show on a number line, solving, values that satisfy		
	Sequences	Recap of nth term, then applying to graphs		
	Straight Line Graphs	Table of values, plot $x=$ and $y=$, real life graphs (conversion, fuel, fixed charge)		
	Probability	Terminology, probability scale, theoretical models (spinners etc), list outcomes
