Dear Parents

It has been brought to my attention that some concern has been expressed that the development at Kings Barton might prevent parents being successful in applying for a place at Henry Beaufort School.

This is not the case. Henry Beaufort School values its relationship with **all** of its parents. We intend to continue with this positive relationship in the future no matter where you live.

The school will be expanding in order to accommodate children from the Kings Barton development. We expect to increase from a 7 form entry school to an 8 form entry school. Hampshire Local Authority are already working with the school on ways in which this can be accomplished so that the end result is that there will be additional facilities for the benefit of all of our students.

Yours sincerely

Miss Hearle
