All Years

11 January 2017

Dear Parents

## Uniform

As you will be aware our school dress code is published in the student handbook and on the website. We have noticed that since returning to school there have been a number of issues regarding length of skirts and appropriate school trousers for girls. The school dress code clearly states that skirts must be knee length and must not be rolled up. Trousers should be of a standard classic design (please see website for details).

We appreciate that the weather is cold but we would like to remind parents that hoodies are not an appropriate outdoor coat and that scarves should be a plain black colour.

We would appreciate your support in maintaining our school dress code.

Yours sincerely

Miss Hearle  
Headteacher
