

Science -5 Year Learning Journey

Biology	Chemistry	Physics
---------	-----------	---------

Year 11 term 1 and 2	C3 Quantitative  	P6 Waves E P8 Space	C7 Organic   C8 Chemical analysis 	B6 Inheritance, variation and evolution 
term 3	P7 Magnetism and electromagnetism  <i>P5 Pressure (triple)</i> 	B5 Homeostasis and response 	C6 Rates of reaction  E	B7 Ecology E
term 2	C9 Atmosphere C10 Using resources	B4 Bioenergetics  (not respiration from Sept 2024)	<i>P5 Forces</i> 	
Year 10 term 1	B3 Infection and response  B1 Non-communicable disease	P2 Electricity  E	C4 Electrolysis  	
term 3	C4 Chemical changes  C5 Energy changes E	B2 Organisation  B4 Bioenergetics Respiration only	P4 Atomic structure 	
term 2	B1 Transport 	P1 Energy transfer by heating E P3 Particle model 	C2 Bonding  	
Year 9 term 1	P1 Energy and Energy resources E	C1 Atomic structure  Periodic table	B1 Cell structure Cell division 	
term 3	Interdependence E and inheritance	Earth and atmosphere 	Heat 	Behaviour
term 2	Pressure and levers 	Photosynthesis  E	Marvellous metals  	
Year 8 term 1	Owing investigation 	Chemical reactions  E	Light and Sound, and Space   E	Respiration 
term 3	Reproduction and Them Bones 		Electricity and magnets   E	Simple chemical reactions  
term 2	Energy E		Particles in Action  Properties of Chemistry  E	
Year 7 term 1	Introduction to Secondary Science <ul style="list-style-type: none">- Safety in the laboratory- Equipment of the lab- Operating as Scientists	Forces 	Cells 	

My Target grade is:

CLA:	Attitude:	Homelearning:
------	-----------	---------------
