

EVENTS

OCTOBER HALF TERM WORK EXPERIENCE IN SOUTHAMPTON

We are thrilled to extend an exclusive invitation to you for an upcoming work experience event featuring some of the world's leading employers. Taking place on Tuesday, 24th October, at the Harbour Hotel in Southampton, this event promises to be a fantastic opportunity for you to connect with renowned companies such as KPMG, Mazars, Mott MacDonald, RAF, CIMA, and many more. You won't want to miss this!

We have two sessions, a morning slot and an afternoon slot. You can choose which one you'd like to attend on the sign-up form. The AM session runs from 9:30am – 1:30pm and the PM session runs from 1:30pm – 5:30pm.

During the event, you will take part in interactive sessions, which will be led by experts from our attending global employers, such as KPMG, Mazars, Mott MacDonald, RAF, CIMA, and more. These workshops are a unique opportunity to gain practical knowledge, enhance your skillset, and engage in meaningful discussions with industry professionals.

Why Attend?

- Connect with leading global employers, including KPMG, Mazars, Mott MacDonald, RAF, CIMA, and more
- Gain industry insights and trends as well as picking up new skills through hands-on workshops and group activities
- Expand your professional network
- Explore potential career opportunities and further work experience opportunities

Please do apply ASAP if you'd like to secure a spot, as we have very limited places. We are operating on a first-come, first-serve basis.

Application Link:

<https://www.surveymonkey.co.uk/r/Southampton-WEX>

We look forward to your participation and hope this event will provide you with valuable experiences and connections. If you have any questions or need further information, please don't hesitate to reach out to us.

EXAM RESULTS 2023

PETER
SYMONDS
COLLEGE

RESULTS ANALYSIS

In 2023 Peter Symonds students once again achieved outstanding examination results. The College achieved a pass rate of 98% at A Level.

We are extremely proud of all of our students, the progress that they make when they are with us, and the things they go on to do when they leave.

60%
60% of A level grades achieved were either A*, A or B grades.

57%
Excellence at A Level is matched by excellence on vocational courses. 57% of students on BTEC courses secured Distinction or Distinction* grades.

AMBITION
Far more ex-Symonds students leave university with first or upper second class degrees than is typical for students from either the state or independent sectors. This is a remarkable achievement and bears testament to the thorough grounding students receive with us. The College remains a perfect place for ambition.

650
Government statistics show that more Symonds students go to Russell Group universities than from any other institution in the country. In 2023, 650 students took up places at these top universities.

46
Since 2000, an average of 46 students per year have been offered places at Oxbridge.

TOP 5
Research by the Sutton Trust shows that Peter Symonds is one of the five top contributors of students to Oxford and Cambridge universities nationally. Others in the top five include Eton, St Paul's and Westminster independent schools.

1615
1615 students progressed to university in 2023.

PROGRESS
Government performance tables show that students at Peter Symonds make more progress from their starting points than would be expected. Our students have attained a statistically significant positive score every year since the government first published value added data.

SCIENCES
Our students also have a remarkable record of securing places to study medicine, veterinary science and dentistry. In 2023, 55 students were offered places to study medicine, dentistry or veterinary science. Symonds remains the destination of choice for students aspiring to careers in science and medicine.

LOOKING TO THE FUTURE

“Symonds’ teaching style and the expectations staff have of students feel very mature. It’s a friendly and fun place and there are plenty of people with shared interests.”

SAM RIGGS

Previous school:
Hamble Community College

Subjects:
Fine Art, Mathematics, Further Mathematics, Physics, EPQ

What’s next?
Physics, Imperial College London.

“Support is all around at Symonds. It’s in workshops, from tutors, the Heads of Subject, the careers team and of course from teachers in lessons. The advice from the Oxbridge admissions tutor was invaluable. I would definitely recommend.”

ETHAN CHONG

Previous school:
Thornden School

Subjects:
Biology, Chemistry, Mathematics, Further Mathematics, EPQ

What’s next?
Medicine, University of Oxford.

“Symonds is so friendly and welcoming! I met lots of of new people and made plenty of new friendships which I’ll be taking into my life beyond the college.”

DOMINIC CLIFFORD

Previous school:
Hounslow School

Subjects:
Biology, Environmental Science, Geography

What’s next?
Applied Zoology, Harper Adams University.

“The teachers at Symonds are lovely and the campus is really nice. I’ve discovered independence, passions and goals as well as making lots of new friends.”

EMILY COLLINS

Previous school:
Mountbatten School

Subjects:
Environmental Science, Geography, Graphic Communication, EPQ

What’s next?
Environmental Science, University of Plymouth

WHERE ARE THEY NOW?

“I’ve enjoyed my time here so much! There is so much help available from friends and staff alike. Extra guidance is always there if you ever needed it which is reassuring and invaluable.”

RHYS DUBIN

Previous school:
Thornden School

Subjects:
Biology, Chemistry, Maths

What’s next?
Medicine, The University of Manchester

“The teachers’ enthusiasm, knowledge and dedication is incredible – they went above and beyond. If the solution wasn’t at their fingertips, they’d somehow find a way to make sure you got the help you wanted – nothing was too much trouble.”

CJ HOYLE

Previous school:
Home educated

Subjects:
Film Studies, Product Design, Sculpture

What’s next?
Ceramics, Cardiff School of Art & Design

“I loved how close the campus is to the city centre! Being able to balance my studies with social time was important. I was encouraged to forge my own way but I always knew that help was on hand.”

BRYONY RHODES

Previous school:
Saint George Catholic College

Subjects:
Criminology, Media Studies, Medical Science

What’s next?
Gap year with Camp America followed by nursing at university

“I really enjoyed the freedom to structure my time more independently. I also made excellent connections which helped me gain my apprenticeship. This experience helped me during networking events ahead of starting with my new firm.”

OLIVIER STAWOWSKI

Previous school:
Wildern School

Subjects:
Business, Geography

What’s next?
Accountancy apprenticeship, BDO LLP UK

BEYOND SIXTH FORM

“The enrichment activities are Symonds’ unsung heroes. There’s so much to choose from. There’s such a wide choice of courses outside of traditional A Levels too.”

MATILDA WAKE

Previous school:
Robert May’s School

Subjects:
Classical Civilisation, English, Business, EPQ

What’s next?
Marketing and Management, University of Exeter

“Symonds provides such great opportunities. I learned so many new skills while coaching and working with others in scenarios I hadn’t encountered before. I am definitely taking these skills to Australia and beyond.”

ARABELLA WILSON

Previous school:
Amery Hill School

Subjects:
Sport

What’s next?
Gap year playing cricket in Melbourne, Australia, followed by Physical Education and Sports Coaching, University of Chichester

“There are so many facilities available here – it’s all yours for the taking. Symonds is a great place to develop between secondary school and whatever you want to do next.”

THOM YATES

Previous school:
Kings’ School

Subjects:
English Language and Literature, History, Product Design

What’s next?
Japanese Studies, Oxford Brookes University

“The staff are so passionate about what they do – they really connect with students. I became more independent during my time here but I knew that guidance was available when I needed it.”

FELIX YATES

Previous school:
Kings’ School

Subjects:
Computer Science, Environmental Science, Mathematics, Further Mathematics

What’s next?
Computer Science, University of Southampton
