EBP SOUTH

Student, education establishment and parent/carers feedback is valued by the EBP team. All feedback is valued by the practitioner team. It helps us to work with our clients and improve services for them. Our practitioners have a duty of care to always act in the best interest of our clients. We are not here to 'tell' students what to do but encourage them to explore, research and look at the wide range of options and pathways open to them. Evaluating our services is important to EBP South as it feeds into our quality assurance process, EBP outcomes for young people and Matrix accreditation.
